

CHRIS SZIGETI

Product Builder

Bend, OR | 253-324-1827 | chris.a.szigeti@gmail.com | www.chrisszigeti.com

Versatile product leader who's built and scaled consumer and enterprise products to millions of users worldwide. I partner closely with founders and operators to turn real customer problems into focused product strategy and build high-performing, cross-functional teams to execute. Recently led Product and Product Ops at a high-growth B2B climate-tech startup; now advising founders and leading Product at Climatalist Venture Studio to launch new ventures. *More detailed information regarding case studies, sideprojects, and writings on venture building can be found on [my website](http://mywebsite.com).*

EXPERIENCE

Climatalist Venture Studio — Head of Product

Remote

Jan 2025 - Present

- Lead 0-1 incubation, go-to-market strategy, and technology development for a climate-focused venture studio backed by a family office.
- Launched 4 ventures in 2025 spanning a B2B AI knowledge platform, regenerative agriculture media, farm transition services, and energy advisory.
- Defined product strategy and technical architecture for an AI-first knowledge platform, including data aggregation, content generation, and agentic workflow products.
- Owned early growth and business development across the portfolio, from discovery to pilot agreements.

Peak Product Group — Founder & Principal Consultant

Remote

Nov 2023 - Present

- Founded a product strategy consultancy supporting early-stage startups, growth-stage companies, and venture capital firms.
- Advise founders on product strategy, roadmap definition, and execution planning across 0-1 and growth initiatives.

NZero (Acquired by Asuene) — EVP / Head of Product

Seattle, WA (remote)

Dec 2021 - Oct 2025

- Executive team member who helped drive strategic development of an enterprise carbon data platform serving government and enterprise clients.
- Led product management, UX, and product operations teams (about 20% of company headcount).
- Oversaw product development and engineering for the underlying data platform including data capture, processing, and ML modeling systems.
- Joined as employee 20 and helped scale through multiple funding rounds to 100+ employees, \$10M+ ARR, and an exit to the market leader.
- Roles held: Director of Product, Senior Director of Product, EVP/Head of Product; Executive Advisor (2025 - Present).

Keller Williams — Senior Product Manager

Austin, TX (remote)

Nov 2019 - Dec 2021

- Led launch and scaling of web and mobile applications to 1M+ users globally.
- Drove product strategy aligned with company goals; led 4 scrum teams totaling 40+ developers.
- Presented strategies and demos bi-annually as a corporate speaker at major company events.
- Spearheaded a marketing product suite used by 100k+ real estate agents, generating 3.8M+ pieces of content by 2021.
- Led KW Professional Services product team, launching 7 products and creating a new revenue stream.
- Roles held: Associate PM, PM, Senior PM.

Pump Studios — Product Design Engineer

Austin, TX

Jul 2017 - Nov 2019

- Oversaw development and market launch of 20+ products, leading cross-functional teams for Fortune 100 and venture-backed startups.
